

Level 4 Project

Week 10/23

Schedule for weeks 9-10 (22-23)

- Dissertation writing

Dissertation modalities

- Interrogation points come from unfinished referencing in Latex
 - Right now I am citing URLs in my document and have not mapped them to a bibliography
- Comments and questions are in [square brackets]

Dissertation issues

- Giving t-SNE + UMAP detail without losing focus (Section 2.3)
- Describing experimental conditions (Section 3.1.2)
- DMSO description (Section 3.1.3)

Some other questions:

- What does CK stand for?
- What is the scale of the microscopic images?
